WC Docket No.: 22-444

SUPPLEMENT TO APPLICATION OF BARR TELL USA, INC
FOR AUTHORIZATION TO OBTAIN NUMBERING RESOURCES

Upon the granting of this Application BARR TELL intends to initially request numbering resources in the States of Kentucky and Arkansas.

For clarification Barr Tell USA, Inc. is owned 100% by Citizens of the USA. There isn't any foreign ownership involved.

For further clarification, although stated in Section D of Barr Tell's Application it mentions the State of New Hampshire this was an oversight.

Pertaining to the initial state(s), where Barr Tell would request its resources it would be one of the states that coincides with one of the 21 States where AT & T has their Facilities and an Interconnection Agreement with our Switching partner.

Regards,

Harold Barr,
President
