Re: **REQUEST FOR CONFIDENTIAL TREATMENT OF INFORMATION** – Application of  
Comcast Phone of California, LLC for Numbering Resources Pursuant to 47 C.F.R. § 52.15(g)

Dear Ms. Dortch:

Comcast Phone of California, LLC (“Comcast”) hereby submits the attached Application of Comcast Phone of California, LLC for Authorization to Obtain Numbering Resources (“Application”). The redacted version of the Application is being filed via the Electronic Comment Filing System (“ECFS”), and the confidential version is being submitted pursuant to the applicable procedures established by the Federal Communications Commission (“FCC” or “Commission”). Pursuant to Exemption 4 of the Freedom of Information Act (“FOIA”) and the FCC’s rules,<sup>1</sup> Comcast requests confidential treatment for Attachments A, B, and D (“Attachments”), which are being submitted with the confidential version of the Application. The Attachments, which contain commercially sensitive information, relate to Comcast’s provision of interconnected Voice over Internet Protocol (“VoIP”) services and includes company-specific, confidential commercial information, including information that is protected from disclosure by FOIA Exemption 4<sup>2</sup> and the Commission’s rules protecting information that is not routinely available for public inspection and that would customarily be guarded from competitors.<sup>3</sup>

---

<sup>1</sup> 5 U.S.C. § 552(b)(4); 47 C.F.R. §§ 0.457(d), 0.459; *see also* 18 U.S.C. § 1905 (prohibiting disclosure “to any extent not authorized by law” of “information [that] concerns or relates to the trade secrets, processes, operations, style of work, or apparatus, or to the identity, confidential statistical data, amount or source of any income, profits, losses, or expenditures of any person, firm, partnership, corporation, or association”).

<sup>2</sup> 5 U.S.C. § 552(b)(4).

<sup>3</sup> 47 C.F.R. §§ 0.457(d), 0.459.

1. *Identification of the specific information for which confidential treatment is sought.* Comcast requests that the Attachments be treated as confidential pursuant to Exemption 4 of FOIA and Sections 0.457(d) and 0.459 of the Commission's rules, which protect confidential commercial and other information not routinely available for public inspection. The Attachments concern the company's provision of VoIP and include both information about Comcast's operations and the costs of providing the service. Specifically, evidence in support of Comcast's 911 certification is contained in Attachments A and B, and Attachment D contains an agreement between Comcast and its carrier partner providing that the carrier partner will provide Time Division Multiplexing connectivity to the Public Switched Telephone Network. All of this information is company-specific, competitively sensitive, business confidential and/or proprietary commercial and financial information concerning Comcast's operations that would not routinely be made available to the public.

2. *Identification of the Commission proceeding in which the information was submitted or a description of the circumstance giving rise to the submission.* Comcast is submitting the Attachments in conjunction with the Application pursuant to the Commission's rules.

3. *Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged.* The Attachments contain company-specific, competitively sensitive, confidential and/or proprietary, commercial and financial information.<sup>4</sup> This information can be used to determine information about Comcast's operations and finances that is sensitive for competitive and other reasons. This information would not customarily be made available to the public and would be guarded from all.

4. *Explanation of the degree to which the information concerns a service that is subject to competition.* The confidential information at issue relates to the provision of VoIP, which is subject to vigorous competition from other VoIP providers. If the information is not protected, Comcast's competitors will be able to use it to their competitive advantage.

5. *Explanation of how disclosure of the information could result in substantial competitive harm.* Since this type of information generally would not be subject to public inspection and would customarily be guarded from competitors, the Commission's rules recognize that release of the information is likely to produce competitive harm.

---

<sup>4</sup> The Commission has broadly defined commercial information, stating that "[c]ommercial' is broader than information regarding basic commercial operations, such as sales and profits; it includes information about work performed for the purpose of conducting a business's commercial operations." *Southern Company Request for Waiver of Section 90.629 of the Commission's Rules*, Memorandum Opinion and Order, 14 FCC Rcd 1851, 1860 (1998) (citing *Public Citizen Health Research Group v. FDA*, 704 F.2d 1280, 1290 (D.C. Cir. 1983)).

6.-7. *Identification of any measures taken by the submitting party to prevent unauthorized disclosure, and identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties.* The confidential information in the Attachments is not available to the public and has not otherwise been disclosed previously to the public. Comcast takes precautions to ensure that this type of information is not released to the general public or obtained by its competitors and potential competitors through other means.

8. *Justification of the period during which the submitting party asserts that the material should not be available for public disclosure.* Comcast requests that the Attachments be treated as confidential indefinitely, as it is not possible to determine at this time any date certain by which the information could be disclosed without risk of harm.

9. *Any other information that the party seeking confidential treatment believes may be useful in assessing whether its request for confidentiality should be granted.* Under applicable Commission and federal court precedent, the information provided by Comcast on a confidential basis should be shielded from public disclosure. Exemption 4 of FOIA shields information that is: (1) commercial or financial in nature; (2) obtained from a person outside government; and (3) privileged or confidential. The commercial and financial information in question clearly satisfies this test.

Additionally, where disclosure is likely to impair the government's ability to obtain necessary information in the future, it is appropriate to grant confidential treatment to that information.<sup>5</sup> Failure to accord confidential treatment to this information is likely to dissuade providers from voluntarily submitting such information in the future, thus depriving the FCC of information necessary to evaluate facts and market conditions relevant to applications and policy issues under its jurisdiction.

If a request for disclosure occurs, please provide sufficient advance notice to the undersigned prior to any such disclosure to allow Comcast to pursue appropriate remedies to preserve the confidentiality of the information.

---

<sup>5</sup> See *Citizens for Resp. & Ethics in Wash. v. U.S. Dep't of Just.*, 728 F. Supp. 3d 113, 125 (D.D.C. 2024) (citing *Ctr. for Investigative Reporting v. U.S. Customs & Border Prot.*, 436 F. Supp. 3d 90, 113 (D.D.C. 2019)) (internal quotation marks omitted); see also *Critical Mass Energy Project v. NRC*, 975 F.2d 871, 878 (D.C. Cir. 1992) (*en banc*) (recognizing the importance of protecting information that "for whatever reason, 'would customarily not be released to the public by the person from whom it was obtained'" (citation omitted)).

Comcast certifies that it possesses the financial, managerial, and technical expertise to provide reliable service. Indeed, Comcast has the proven technical qualifications necessary to provide and maintain successful operations within its service area. For example, Comcast has the capabilities to efficiently place numbers into service and create routing arrangements that seamlessly deliver calls to numbers directly assigned to Comcast.

Furthermore, Comcast's personnel have extensive business and network management experience in communications-related businesses and in serving its targeted customer segments. Notably, Comcast Corporation has been providing VoIP service through other subsidiaries for approximately twenty years, and the same management team is involved here. The names of Comcast's key management and technical personnel follow:

- John DePietro, Vice President, Engineering
- David Tashjian, Regional Senior Vice President, California Region
- John Gutierrez, Vice President, Regulatory Affairs, California

These individuals are part of a broader team that is highly qualified to manage Comcast's operations throughout its service area. Neither Comcast nor any of the identified personnel are being or have been investigated by the FCC, law enforcement, or any regulatory agency for failure to comply with any law, rule, or order, including the Commission's rules applicable to unlawful robocalls or unlawful spoofing.

## Guidance for Law Enforcement

Comcast is often asked to assist state and federal law enforcement agencies and government entities in their criminal or administrative investigations, and we do so while protecting subscriber privacy as required by law and our subscriber privacy policies. In order to obtain Comcast subscriber information, law enforcement agencies and government entities must provide Comcast with a valid legal request appropriate for the matter or responsive information will not be released.

Comcast reviews and evaluates each request on a case-by-case basis and considers any special procedural or legal requirements or applicable laws while protecting and maintaining the privacy of our subscribers, business information, and records. Unless a law ful request or court order explicitly directs Comcast not to do so, Comcast may provide information to a subscriber regarding government requests for information about that customer in advance or if the customer makes a verified written request to Comcast seeking information about government requests for the subscriber's data or records. **Your request must include a non-disclosure statement directing Comcast not to disclose the request's existence to the customer** to prevent potential notification to a customer about the existence of a government request or court order.

### Law Enforcement and Subscriber Record Center

Comcast's Law Enforcement and Subscriber Record Center ("LESRC") responds to valid legal requests from state and federal government entities and law enforcement agencies for information and records relating to Comcast residential and commercial subscribers.

Where there is an **emergency** involving danger of death or serious physical injury, Comcast will expedite release of subscriber information without legal process. Proper legal process must be submitted within a reasonable time after the emergency has subsided. Contact the LESRC's emergency number (877-249-7306) to initiate release of records and provide the relevant facts and circumstances of the emergency.

\*Include a cover letter/page with your contact information and any relevant information. No cover letter is required for requests made through the online portal or emergency disclosure requests.

### Types of Legal Request

**Court Orders.** A court order must be signed by a judge, indicating that the law enforcement officer or government entity has made the requisite showing required under the law that the records requested are relevant and material to an ongoing investigation. Pursuant to applicable law, Comcast does not provide any content (text messages or email), cell site location information ("CSLI") or details on the selection of video programming to law enforcement in response to a court order. Certain content requires a warrant as does CSLI. A wiretap, pen register, or trap and trace all require a court order.

**Subpoena.** A government entity or law enforcement official may issue a subpoena to seek evidence relevant to the investigation of a possible crime. This can include a state or federal Grand Jury, trial, or statutorily authorized administrative subpoena. 18 U.S.C. 2703(c)(2)(A)-(F) limits the types of information that can be released in response to a subpoena:

- Customer name and address, including email addresses
- Call detail and record of internet usage (session times and duration; bandwidth usage)

- Length of service and types of service
- Telephone or other subscriber account identifying numbers, including IP addresses
- Payment records, including means and methods of payment

## Types of Legal Request

**Warrants.** Warrants require a government entity or law enforcement agency to demonstrate that there is “probable cause,” or a reasonable belief that the person whose records are being sought has committed, is committing, or is about to commit a crime. A warrant may be used to obtain stored content as well as more basic subscriber or transactional information. Stored content refers to communications or data that subscribers create and store through their Comcast services such as email, photographs, and home security video. Certain state laws may also impose warrant requirements on or limit disclosure of certain subscriber data or records.

**Consent from Subscriber.** Law enforcement may obtain subscriber records upon showing that lawful consent was obtained from the subscriber.

**Child Exploitation.** Lawful demands for subscriber information that relate to the exploitation of children are prioritized. To provide a faster response, the demand must state that the matter involves or potentially involves the exploitation of children. Comcast will make information available to the National Center for Missing and Exploited Children as required by 18 U.S.C. 2258A.

**FISA.** 50 U.S.C. 1801-1862 and U.S.C. 2511 submissions to Comcast should be coordinated with the applicable FBI field office. A Special Agent or other authorized FBI employee must hand deliver the request to Comcast.

**Pen Register/Trap and Trace Device.** 18 U.S.C. 3123 provides a mechanism for authorizing and approving the installation and use of a pen register or trap and trace device pursuant to court order. All orders must be coordinated with the LESRC for implementation.

**National Security Letters.** Delivery of all National Security Letters should be coordinated through the FBI field office in Washington D.C. and delivered to Comcast.

**Wiretaps and Interception of Communications.** 18 U.S.C. 2511 provides a mechanism for authorizing and approving the interception of a wire, oral, or electronic communication pursuant to court order. All such orders must be coordinated with the LESRC prior to submission to Comcast.

**Note:** Comcast, as a cable operator, is prohibited by 47 U.S.C. 551(c)(2)(D) from providing any information or records to state and federal law enforcement agencies and government entities revealing cable subscriber selection of video programming in response to a warrant, court order, or subpoena under the provisions above, and can only provide such in response to a specific court order that complies with 47 U.S.C. 551(h) unless the subscriber has consented. Please contact us for details.

**Civil Matters.** Submissions of legal requests for civil matters must be served through Comcast’s registered agent, CSC Global, in the relevant state. Attorney-signed subpoenas are insufficient when seeking any subscriber information or records; Comcast must receive a judge-signed court order providing for notice to the subscriber and an opportunity to challenge any disclosure before releasing subscriber information in a civil matter. All records in such instances are deemed confidential and limited to use in litigations. For CSC Global, click here (<https://www.cscglobal.com/cscglobal/home/>) or call 888-690-2882

What  
We Can  
Provide

## Telephone Numbers

Comcast can provide certain account information when provided with a landline, VoIP, or mobile telephone number it currently or has historically served or included as a subscriber contact number.

### Xfinity Mobile

Confirm with Neustar (<https://www.neustar.biz/>) that the mobile telephone number is assigned to Xfinity Mobile – results will show as “CELLCO PARTNERSHIP DBA – VERIZONWIRELESS – PA.” Verizon does not maintain Xfinity Mobile subscriber information.

Comcast can provide a Xfinity Mobile customer’s billing information such as name, address, and the device used, plus call detail records and text message details (date, time, and recipient telephone numbers) and means and method of payment. Text message content (if available) must be sought from Verizon. Verizon maintains responsibility for CALEA surveillance, pen register/trap and trace, SMS content, video, images, CSLI, and geolocation services for Xfinity Mobile customers.

### Xfinity Voice

When provided with a Xfinity Voice (VoIP) telephone number, Comcast can provide subscriber and billing information, call detail records, and support CALEA surveillance, pen register, and trap and trace requests.

## Internet Protocol (IP) Addresses

Please confirm that the IP address is assigned to Comcast by running a query at <http://www.ip2location.com/free.asp>. Comcast’s residential subscribers are not assigned a constant or static IP address, but rather are assigned a dynamic IP address. It is therefore necessary that all requests for subscriber information based on an IP address include the specific date, time, and time zone for which information is sought. IP address logs are retained for 180 days. Comcast uses Carrier Grade Network Address Translation (“CGN”) for IPv4 Wi-Fi addresses, so any request for subscriber data associated with a Xfinity Wi-Fi IP Addresses must also include the source port number of the IP address for full identification capability.

## Email Addresses

### Residential Accounts

Residential email address accounts issued through Xfinity Internet end in comcast.net (i.e., JohnDoe@comcast.net). If an email account ends in any other domain (e.g., @gmail.com or @yahoo.com), Comcast will not have information regarding the email address. Xfinity Internet customers are provided with or can create their own email address, which Comcast will maintain even after Xfinity Internet service is cancelled or terminated. Email content can only be provided in response to a valid state or federal warrant.

### Commercial Accounts

Requests for Comcast Business subscriber information must be emailed to Microsoft at [uslereg@microsoft.com](mailto:uslereg@microsoft.com) or faxed to (425) 708-0096. Comcast does not maintain information or content for any business email addresses.

## Other Comcast Products and Services

Our Law Enforcement Portal (<https://lesrc.comcast.com>) has detailed information about

retention periods for each type of customer information we maintain. If you do not have access to the portal, please call the LESRC at 866-947-8572 for retention information.

## What to Include

Requests should include the street address, account number, phone number, email address, or other identifiable information about the subscriber.

**Names.** Comcast responds to requests for identification based on a name exactly as it is written on the request. For example: if the request asks for information relating to James Doe in Springfield and Comcast's records reveal a J. Doe or Jim Doe in Springfield, Comcast will require additional legal process to determine if it has responsive information. If initial or nicknames are used, include all variation of the subject's name.

**Addresses.** Requests based on an address must include the full street address, including the house or apartment number, street name, city, state, zip, and specific period covered (subscribers at an address may change).

**Account Numbers.** Incomplete account numbers cannot be processed.

**Financial Information.** Requests must include a complete credit card number, the date the payment being referenced was processed, the amount of the payment, and the card issuer. Requests involving a bank account must include the account and routing numbers.

**Payment History.** Requests must include the date, amount of payment(s), the account number used to make the payment(s) or if cash was used. If a request seeks information about how a payment was made (i.e., in person, at a store, or over the phone), it should specifically request such information.

## Preservation Requests

If an agency is in the process of obtaining a legal request, it may request that subscriber information at the LESRC be preserved beyond its normal retention period. Information responsive to the preservation request will be retained for 90 days, after which if no valid legal request is made or no 90-day extension is sought, the information may be deleted in accordance with our retention periods. The 90-day extension must be received prior to the expiration of the initial period. The use of successive or daily preservation requests on an ongoing basis to preserve evidence will not be honored. If law enforcement or an agency seeks real-time data after submitting a preservation request, a valid wiretap or pen register/trap and trace order must be presented rather than successive preservation requests.

## Costs

Comcast reserves the right to seek reimbursement for processing and responding to legal process as permitted by law. Our policy is to discuss reimbursement with you before we incur any costs (except in emergencies). Stored record disclosures generally do not incur charges unless lengthy. Wiretaps and pen register/trap and trace orders require a substantial commitment of Comcast's resources.

**Pen Registers/Traps/Wiretaps.** \$1,100 for initial set-up (including the first month of intercept service or any part thereof) and \$850 for each subsequent month or any part thereof in which the order or any extensions are active.

**Special Technical Support.** \$500 upon implementation that spans the authorized period of each new or renewed order and is charged at the beginning of each new or renewed authorized period. Stand-alone email collections (header information and/or full content) will be charged in the same manner. Requesting agencies must complete a CALEA worksheet providing detailed billing information and authorized point(s) of contact. Billing will occur either monthly or at 60-day intervals, depending on the volume.

D/B/A AT&T WISCONSIN**

This Amendment (the "Amendment") amends the Agreement(s) by and between AT&T and CLEC as shown in the attached Exhibit A.

**WHEREAS**, AT&T and CLEC are Parties to the Agreement(s) as shown in the attached Exhibit A.

**WHEREAS**, CLEC will be providing interconnection to the PSTN on behalf of one or more interconnected VoIP providers ("IVP") in connection with the 2015 VoIP Number Access Order approved by the FCC in WC Docket No. 13-97; Numbering Policies for Modern Communications. As such, CLEC will be delivering traffic to and receiving traffic from AT&T on behalf of one or more IVPs; and

**WHEREAS**, the Parties wish to amend the Agreement, pursuant to Sections 251 and 252 of the Act, to include certain provisions relating to WC Docket No. 13-97 approved by the FCC; and

**WHEREAS**, the Parties desire to amend the Agreement to implement the Lifeline and Link Up Reform and Modernization et al., WC Docket No. 11-42 et al., Second Report and Order, FCC 15-71, Released June 22, 2015 ("FCC Lifeline Order"); and

**WHEREAS**, the Parties desire to amend the Agreement to implement to the Connect America Fund et al., WC Docket No. 10-90 et al, Report and Order issued by the Federal Communications Commission ("FCC") on November 18, 2011 (FCC 11-161), and as amended by the FCC on December 23, 2011 (FCC 11-189) ("FCC ICC Reform Order"); and

**WHEREAS**, the Parties desire to amend the Agreement to implement the Petition of USTelecom for Forbearance Pursuant to 47 U.S.C. § 160(c) from Enforcement of Obsolete ILEC Legacy Regulations That Inhibit Deployment of Next-Generation Networks, WC Docket No. 14-192, Released December 28, 2015 ("FCC US Telecom Forbearance Order"); and

**WHEREAS**, the Parties desire to add rates and provisions related to modify certain provisions related to Customer Information Services.

**NOW, THEREFORE**, in consideration of the promises and mutual agreements set forth herein, the Parties agree to amend the Agreement as follows:

1. The Amendment is composed of the foregoing recitals, the terms and conditions, contained within, and Exhibit A, Exhibit B, Exhibit C Pricing Sheets immediately following, all of which are hereby incorporated within this Amendment by this reference and constitute a part of this Amendment.
2. "Interconnected VoIP Provider" or "IVP" as used in this Agreement is the entity set forth in the Preamble and that provides interconnected VoIP service as that term is defined in 47 U.S.C. § 9.3 and for the purposes of this Agreement, refers to a specific Interconnected VoIP Provider that is a Party to this Agreement.
3. AT&T and CLEC will interconnect, exchange traffic and maintain compensation for traffic originated by or destined for an IVP as if it were traffic to or from CLEC's end users as provided for in the Agreement.

4. AT&T-21STATE shall route such IVP traffic destined for CLEC's directly connected end office as defined in the LERG, and CLEC shall be responsible, including financially, for any such traffic. AT&T-21STATE shall not be responsible for any misuse of CLEC's codes by IVP in the LERG.
5. By agreeing to exchange traffic pursuant to this Agreement, neither Party waives and each Party expressly reserves its respective advocacy positions regarding the appropriate means of interconnection, traffic exchange and intercarrier compensation for traffic exchanged between the Parties.
6. **Lifeline and Link Up Services**
  - 6.1 Delete the rates, terms and conditions related to Lifeline and Link Up service offerings from the Agreement. Lifeline and Link Up service will no longer be available under the Agreement beginning 180 days after Federal Register publication of the Office of Management and Budget's (OMB) approval.
7. **Inter-carrier Compensation**
  - 7.1 The Parties hereby implement the intercarrier compensation rates reflected in the Pricing Sheet attached hereto as Exhibit C, for the termination of all Section 251(b)(5) Traffic exchanged between the Parties in the applicable state(s). The intercarrier compensation rates included in Exhibit C hereby supersede the existing rate elements included in the Agreement for purposes of reciprocal compensation.
8. **Forbearance**
  - 8.1 Delete the rates, terms and conditions related to the unbundling of a 64 kbps voice-grade channel to provide narrowband services over fiber where an incumbent LEC retires a copper loop it has overbuilt with a fiber-to-the-home or fiber-to-the-curb loop.
9. **Customer Information Services (CIS)**
  - 9.1 With the exception of 9.3 herein, delete all rates, terms and conditions pertaining to Customer Information Services, including but not limited to services related to Operator Services (OS), Directory Assistance (DA), Directory Assistance Listings (DAL), Inward Assistance Operator Services (INW) and White Pages (e.g., Busy Line Verification (BLV), Busy Line Verification/Interrupt (BLV/I), etc.) from the Agreement.
  - 9.2 Add Attachment 06 - Operator Services and Directory Assistance (OS/DA), attached hereto as Exhibit B; and the Operator Services and Directory Assistance (OS/DA) rates reflected in the Pricing Sheet, attached hereto as Exhibit C, to the Agreement.
  - 9.3 **Add the following provisions to the Attachment or Appendix for Resale**
    - CIS.1 For Resale service, AT&T will provide Customer Information Services to CLEC's End Users where technically feasible and/or available to AT&T retail End Users. Dialing, response, and sound quality will be provided in parity to AT&T retail End Users.
    - CIS.2 CLEC is solely responsible for the payment of all charges for all services furnished under this Attachment, including but not limited to calls originated or accepted at CLEC's location and its End Users' service locations.
    - CIS.3 Interexchange carrier traffic (e.g., sent-paid, information services and alternate operator services messages) received by AT&T for billing to Resale End User accounts will be returned as unbillable and will not be passed to CLEC for billing. An unbillable code will be returned with those messages to the carrier indicating that the messages were generated by a Resale account and will not be billed by AT&T.
    - CIS.4 AT&T shall not be responsible for the manner in which utilization of Resale Services or the associated charges are allocated to End Users or others by CLEC. Applicable rates and charges for services provided to CLEC under this Attachment will be billed directly to CLEC and shall be the responsibility of CLEC.
    - CIS.5 Charges billed to CLEC for all services provided under this Attachment shall be paid by CLEC regardless of CLEC's ability or inability to collect from its End Users for such services.
    - CIS.6 If CLEC does not wish to be responsible for payment of charges for calling card, collect, or third number billed calls (Alternately Billed Traffic or "ABT") or toll and information services (for example, 900 calls),

CLEC must order the appropriate available blocking for lines provided under this Attachment and pay any applicable charges. It is the responsibility of CLEC to order the appropriate toll restriction or blocking on lines resold to End Users. CLEC acknowledges that blocking is not available for certain types of calls, including without limitation 800, 888, 411 and Directory Assistance Express Call Completion. Depending on the origination point, for example, calls originating from correctional facilities, some calls may bypass blocking systems. CLEC acknowledges all such limitations and accepts all responsibility for any charges associated with calls for which blocking is not available and any charges associated with calls that bypass blocking systems.

10. For the States of Michigan, Nevada and Wisconsin - The Parties agree to replace Section 17. from the Agreements with the following language:

**17. Notices**

- 17.1 Notices given by Level 3 to AT&T under this Agreement shall be in writing (unless specifically provided otherwise herein), and unless otherwise expressly required by this Agreement to be delivered to another representative or point of contact, shall be pursuant to at least one of the following methods:

17.1.1 delivered by electronic mail (email).

17.1.2 delivered by facsimile.

- 17.2 Notices given by AT&T to the Level 3 under this Agreement shall be in writing (unless specifically provided otherwise herein), and unless otherwise expressly required by this Agreement to be delivered to another representative or point of contact, shall be pursuant to at least one of the following methods:

17.2.1 delivered by electronic mail (email) provided Level 3 has provided such information in Section 17.4 below.

17.2.2 delivered by facsimile provided Level 3 has provided such information in Section 17.4 below.

- 17.3 Notices will be deemed given as of the earliest of:

17.3.1 the date of actual receipt.

17.3.2 notice by email shall be effective on the date it is officially recorded as delivered by delivery receipt and in the absence of such record of delivery, it shall be presumed to have been delivered on the date sent.

17.3.3 on the date set forth on the confirmation produced by the sending facsimile machine when delivered by facsimile prior to 5:00 p.m. in the recipient's time zone, but the next Business Day when delivered by facsimile at 5:00 p.m. or later in the recipient's time zone.

- 17.4 Notices will be addressed to the Parties as follows:

- 17.5 Either Party may unilaterally change its designated contact name, address, email address, and/or facsimile number for the receipt of Notices by giving written Notice to the other Party in compliance with this Section 17. Unless explicitly stated otherwise, any change to the designated contact name, address, email address, and/or facsimile number will replace such information currently on file. Any Notice to change the designated contact name, address, email address, and/or facsimile number for the receipt of Notices shall be deemed effective ten (10) calendar days following receipt by the other Party.
- 17.6 In addition, Level 3 agrees that it is responsible for providing AT&T with Level 3's OCN and ACNA numbers for the states in which Level 3 is authorized to do business and in which Level 3 is requesting that this Agreement apply. In the event that Level 3 wants to change and/or add to the OCN and/or ACNA information in the CLEC Profile, Level 3 shall send written notice to AT&T to be received at least thirty (30) days prior to the change and/or addition in accordance with this Section 17. notice provision; Level 3 shall also update its CLEC Profile through the applicable form and/or web-based interface.
- 17.7 AT&T communicates official information to CLECs via its Accessible Letter, or other applicable, notification processes. These processes involve electronic transmission and/or posting to the AT&T CLEC Online website, inclusive of a variety of subjects including declaration of a force majeure, changes on business processes and policies, and other product/service related notices not requiring an amendment to this Agreement.
11. For the States of Alabama, Arkansas, California, Florida, Georgia, Illinois, Indiana, Kansas, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Ohio, Oklahoma, South Carolina, Tennessee, and Texas, the Parties agree to replace the CLEC and AT&T Notice information from the General Terms and Conditions of the Agreements to the following:

12. There shall be no retroactive application of any provision of this Amendment prior to the Effective Date of an adopting CLEC's agreement.
13. This Amendment shall be deemed to revise the terms and provisions of the Agreement only to the extent necessary to give effect to the terms and provisions of this Amendment. In the event of a conflict between the terms and provisions of this Amendment and the terms and provisions of the Agreement (including all incorporated or accompanying Appendices, Addenda, and Exhibits to the Agreement), this Amendment shall govern, provided, however, that the fact that a term or

provision appears in this Amendment but not in the Agreement, or in the Agreement but not in this Amendment, shall not be interpreted as, or deemed grounds for finding, a conflict for purposes of this Amendment.

14. In entering into this Amendment, neither Party waives, and each Party expressly reserves, any rights, remedies or arguments it may have at law or under the intervening law or regulatory change provisions in the underlying Agreement (including intervening law rights asserted by either Party via written notice predating this Amendment) with respect to any orders, decisions, legislation or proceedings and any remands thereof, which the Parties have not yet fully incorporated into this Agreement or which may be the subject of further review.
15. This Amendment shall not modify or extend the Effective Date or Term of the underlying Agreement, but rather, shall be coterminous with such Agreement.
16. EXCEPT AS MODIFIED HEREIN, ALL OTHER TERMS AND CONDITIONS OF THE UNDERLYING AGREEMENT SHALL REMAIN UNCHANGED AND IN FULL FORCE AND EFFECT.
17. Signatures by all Parties to this Amendment are required to effectuate this Amendment. This Amendment may be executed in counterparts. Each counterpart shall be considered an original and such counterparts shall together constitute one and the same instrument.
18. For Alabama, Florida, Georgia, Illinois, Indiana, Kansas, Kentucky, Louisiana, Michigan, Mississippi, Missouri, Nevada, North Carolina, Oklahoma, South Carolina, Tennessee, Texas: This Amendment shall be filed with and is subject to approval by the applicable state Commission and shall become effective ten (10) days following approval by such Commission. For Arkansas: This Amendment shall be filed with the Arkansas Public Service Commission and shall become effective upon filing. For Ohio: Based on the Public Utilities Commission of Ohio Rules, the Amendment is effective upon filing and is deemed approved by operation of law on the 91<sup>st</sup> day after filing. For California: Pursuant to Resolution ALJ 257, this filing will become effective, absent rejection of the Advice Letter by the Commission, upon thirty (30) days after the filing date of the Advice Letter to which this Amendment is appended. For Wisconsin: Pursuant to Wisconsin Statute § 196.40, this Amendment shall become effective ten (10) days after the mailing date of the final order approving this Amendment.

## 1.0 INTRODUCTION

- 1.1 This Attachment sets forth the rates, terms and conditions under which AT&T-21STATE shall provide Operator Services/Directory Assistance (OS/DA) and Listings.
- 1.2 OS/DA:
- 1.2.1 This Attachment sets forth the rates, terms and conditions under which the Parties shall jointly carry out OS/DA on a wholesale basis for CLEC End Users residing in AT&T-21STATE's local Exchange territory, regardless of whether CLEC is serving its End Users via:
- 1.2.1.1 CLEC's own physical Switches; or
- 1.2.1.2 Resale of AT&T-21STATE Retail OS/DA service.
- 1.2.2 CLEC shall be the retail OS/DA provider to its End Users, and AT&T-21STATE shall be the wholesale provider of OS/DA operations to CLEC. AT&T-21STATE shall answer CLEC's End User OS/DA calls on CLEC's behalf, as follows:
- 1.2.2.1 When the End User dials 0- or 0+ the telephone number, AT&T-21STATE shall provide the Operator Services described in Section 3.4 below. CLEC may set its own retail OS/DA rates, and CLEC therefore acknowledges its responsibility to obtain (a) End User agreement to the OS/DA retail rates (e.g., by tariff or contract), and (b) any necessary regulatory approvals for its OS/DA retail rates.
- 1.2.2.2 In response to CLEC End User inquiries about OS/DA rates, where available and technically feasible, AT&T-21STATE operators shall quote CLEC retail OS/DA rates, provided by CLEC (see Section 3.6 below). If further inquiries are made about rates, billing and/or other "business office" questions, AT&T-21STATE's OS/DA operators shall direct the calling party's inquiries to a CLEC-provided contact number (also see Section 3.6 below).
- 1.2.3 CLEC shall pay the applicable OS/DA rates found in the Pricing Sheet based upon CLEC's status as a Facilities-Based CLEC or a reseller. Provided however, CLEC may serve both as a reseller and as a facilities-based provider and CLEC may convert its facilities-based End Users to Resale service, or vice versa, as described below in Section 3.6.7 below.
- 1.2.3.1 CLEC acknowledges and understands that wholesale OS/DA rates differ between Resale and facilities-based service, and that both types of OS/DA wholesale rates are listed in the Pricing Sheet.
- 1.2.3.2 Billing and payment details, including the assessment of late payment charges for unpaid balances, are governed by the General Terms and Conditions in this Agreement.
- 1.3 Listings:
- 1.3.1 This Attachment sets forth terms and conditions that apply to Resale and Facility-Based CLECs for subscriber listing information provided by AT&T-21STATE.

## 2.0 DEFINITIONS

- 2.1 "Consolidated Reference Rater (CRR)" provides reference information (business office and repair numbers) and rate quotes for CLEC End Users.
- 2.2 "Facilities-Based CLEC" means a CLEC that provides service through its own switch or a Third Party provider's switch.
- 2.3 "General Assistance" means a service in which the End User dialing - 0 asks the OS operator for assistance. The operator will respond in accordance with OS methods and practices that are in effect at the time the End User makes an OS call where available and technically feasible.

- 2.4 "Listings" means information identifying the listed names of subscribers of carriers and subscribers' telephone numbers, addresses or primary advertising classification or any combination, and that carrier or affiliate has published, caused to be published or accepted for publication in any directory format.
- 2.5 "Services" means Operator Services/Directory Assistance (OS/DA) and Listings.
- 2.6 "Toll Center Code" means the three digit access tandem code ("ATC") that uniquely identifies a tandem switch in the Local Exchange Routing Guide (LERG) designated as providing access to operator services functions.

### **3.0 OPERATOR SERVICES (OS) / DIRECTORY ASSISTANCE (DA)**

#### **3.1 Dialing Parity:**

- 3.1.1 AT&T-21STATE will provide OS/DA to CLEC's End Users with no unreasonable dialing delays and at dialing parity with AT&T-21STATE retail OS/DA services.

#### **3.2 Response Parity:**

- 3.2.1 Where available and technically feasible, CLEC's End Users shall be answered by AT&T-21STATE's OS and DA platforms with the same priority and using the same methods as for AT&T-21STATE's End Users.
- 3.2.2 Any technical difficulties in reaching the AT&T-21STATE OS/DA platform (e.g., cable cuts in the OS/DA trunks, unusual OS/DA call volumes, etc.) will be experienced at parity with AT&T-21STATE End Users served via that same AT&T-21STATE End Office Switch.

#### **3.3 Requirements to Physically Interconnect:**

- 3.3.1 This section describes the physical interconnection and trunking requirements for a Facilities-Based CLEC to interconnect with AT&T-21STATE's OS/DA switches.
- 3.3.2 The demarcation point for OS/DA traffic between the Parties' networks need not coincide with the point of interconnection for the physical interconnection of all other inter-carrier voice traffic, but at a minimum must be in the Local Access and Transport Area (LATA) in which the CLEC's OS/DA traffic originates.
  - 3.3.2.1 Because CLEC's switch may serve End Users in more than one LATA, the Parties agree that CLEC's OS/DA traffic originates from the physical location of the End User dialing 0, 411, or 555-1212 and not the physical location of CLEC's switch.
  - 3.3.2.2 To the extent CLEC is serving via circuit-switched wireless technology, the physical location of the End User dialing 0, 411, or 555-1212 shall be deemed the End User's physical billing address, regardless of whether the End User may be roaming at the time of placing the OS/DA call.
- 3.3.3 The Parties will establish an OS/DA demarcation point at the AT&T-21STATE's OS/DA switch. By mutual agreement, an alternative OS/DA demarcation point may be determined based on the following factors:
  - 3.3.3.1 The size and type of facilities needed to carry CLEC's switch-based OS/DA traffic;
  - 3.3.3.2 Whether CLEC wishes to interconnect for OS or DA, or both;
  - 3.3.3.3 Whether CLEC or CLEC's Affiliate is collocated in an AT&T-21STATE local tandem office and wishes to use the collocation as the OS/DA demarcation point; and
  - 3.3.3.4 Whether CLEC or CLEC's Affiliate already has existing OS/DA facilities in place to the AT&T-21STATE's OS/DA platforms.
- 3.3.4 CLEC shall be financially responsible for the transport facilities to the AT&T-21STATE's switch(es). CLEC may self-provision these OS/DA facilities, lease them from Third Parties, or lease them from AT&T-21STATE's intrastate Special Access Tariff. CLEC shall remain financially responsible for the transport facilities to the AT&T-21STATE's switch(es) and/or any one-way trunk groups from its designated operator assistance and directory assistance (or OA/DA) switch to the AT&T-21STATE operator assistance switch until CLEC initiates and successfully disconnects such transport facilities and/or trunk groups.
- 3.3.5 General OS/DA Trunking Requirements:

- 3.3.5.1 CLEC will initiate an Access Service Request (ASR) for all OS/DA trunk groups from its switch to the appropriate AT&T-21STATE OS/DA switches as a segregated one-way trunk group utilizing Multi-Frequency (MF) signaling. Unless technically infeasible, AT&T-21STATE will provision all such one-way trunk groups in the same manner and at the same intervals as for all other interconnection trunks between the Parties.
- 3.3.5.2 CLEC will employ Exchange Access Operator Services Signaling (EAOSS) from the AT&T-21STATE End Offices to the AT&T-21STATE OS/DA switches that are equipped to accept 10-Digit Signaling for Automatic Number Identification (ANI).
- 3.3.5.3 Where EAOSS is not available, Modified Operator Services Signaling (MOSS) will be utilized, and a segregated one-way trunk group with MF signaling will be established from CLEC to each AT&T-21STATE OS/DA switch for each served Numbering Plan Area (NPA) in the LATA.
- 3.3.6 Specific OS/DA Trunk Groups and Their Requirements
  - 3.3.6.1 Operator Service Trunks:
    - 3.3.6.1.1 CLEC shall establish a one-way trunk group from CLEC's switch to the AT&T-21STATE OS switch serving OS End Users in that LATA. An OS only trunk group will be designated with the appropriate OS traffic use code and modifier. If the trunk group transports combined OS/DA/DACC over the same trunk group, then the group will be designated with a different traffic use code and modifier for combined services. CLEC will have administrative control for the purpose of issuing ASRs on this one-way trunk group.
  - 3.3.6.2 DA/DA Call Completion (DACC) Trunks:
    - 3.3.6.2.1 Where permitted, CLEC shall establish a one-way trunk group from CLEC's switch to the AT&T-21STATE DA switch serving DA End Users in that LATA. If the trunk group transports DA/DACC only, but not OS, then the trunk group will be designated with the appropriate DA traffic use code and modifier.
    - 3.3.6.2.2 In AT&T-12STATE, if OS/DA/DACC is transported together on a combined trunk group, then the group will be designated with a different appropriate traffic use code and modifier from that used for a DA/DACC only trunk group. CLEC will have administrative control for the purpose of issuing ASRs on this one-way trunk group.
    - 3.3.6.2.3 In AT&T SOUTHEAST REGION 9-STATE, if OS/DA/DACC is transported together on a combined trunk group, then the group will be designated with an appropriate traffic use code and modifier. CLEC will have administrative control for the purpose of issuing ASRs on this one-way trunk group.
- 3.4 Operator Services Call Processing and Rates:
  - 3.4.1 AT&T-21STATE will assess its OS charges based upon whether the CLEC End User is receiving (a) manual OS (i.e., provided via an operator), or (b) automated OS (i.e., an OS switch equipment voice recognition feature, functioning either fully or partially without operators where available and technically feasible). The Pricing Sheet contains the full set of OS recurring and nonrecurring rates.
  - 3.4.2 AT&T-21STATE will provide OS to CLEC End Users where available and technically feasible to AT&T-21STATE End Users served in accordance with OS methods and practices in effect at the time the CLEC End User makes an OS call.
- 3.5 Directory Assistance Call Processing and Rates:
  - 3.5.1 AT&T-21STATE DA charges are assessed on a flat rate per call, regardless of call duration. The Pricing Sheet contains the recurring and nonrecurring rates.
  - 3.5.2 AT&T-21STATE will provide DA Services to CLEC End Users where available and technically feasible to AT&T-21STATE End Users served in accordance with DA Services methods and practices that are in effect

at the time CLEC End User makes a DA call. AT&T-21STATE will provide the following DA services to a CLEC End User:

- 3.5.2.1 Local Directory Assistance - Consists of providing published name and telephone number.
- 3.5.2.2 Directory Assistance Call Completion (DACC) - A service in which a local or an intraLATA call to the requested number is completed.
- 3.5.2.3 National Directory Assistance (NDA) - A service whereby callers may request published name and telephone number outside their LATA or local calling area for any listed telephone number in the United States.
- 3.5.2.4 Reverse Directory Assistance (RDA) - Consists of providing listed local and national name and address information associated with a telephone number.
- 3.5.2.5 Business Category Search (BCS) - A service whereby callers may request business telephone number listings for a specified category of business, when the name of the business is not known. Telephone numbers may be requested for local and national businesses.

3.6 OS/DA Non-recurring Charges for Loading Automated Call Greeting (i.e., Brand Announcement), Rates and Reference Information:

- 3.6.1 CLEC End Users will hear silence upon connecting with the OS/DA switch. As an alternative to silence, CLEC may custom brand for which custom brand charges will apply.
  - 3.6.1.1 CLEC will provide announcement phrase information, via Operator Services Translations Questionnaire (OSTQ), to AT&T-21STATE in conformity with the format, length, and other requirements specified for all CLECs on the AT&T CLEC Online website.
  - 3.6.1.2 AT&T-21STATE will then perform all of the loading and testing of the announcement for each applicable OS/DA switch prior to live traffic. CLEC may also change its pre-recorded announcement at any time by providing a new announcement phrase in the same manner. CLEC will be responsible for paying subsequent loading and testing charges.
  - 3.6.1.3 CLEC understands that End Users may not perceive silent announcements as ordinary mechanical handling of OS/DA calls.
  - 3.6.1.4 CLEC agrees that if it does not brand the call, CLEC shall indemnify and hold AT&T-21STATE harmless from any regulatory violation, consumer complaint, or other sanction for failing to identify the OS/DA provider to the dialing End User.
- 3.6.2 AT&T-21STATE will be responsible for loading the CLEC provided recording into all applicable OS and/or DA switches prior to live traffic, testing the announcement for sound quality at parity with that provided to AT&T-21STATE End Users. CLEC will be responsible for paying the initial recording announcement loading charges, and thereafter, the per-call charge as well as any subsequent loading charges if new recordings or silent announcements are provided as specified above.
- 3.6.3 Branding load charges are assessed per loaded recording, per OCN, per switch. For example, a CLEC Reseller may choose to brand under a different name than its facilities-based operations, and therefore two separate recordings could be loaded into each switch, each incurring the branding or silent load charge. These charges are mandatory, nonrecurring, and are found in the Pricing Sheet.
- 3.6.4 Where Consolidated Reference Rater ("CRR") is available and technically feasible, the applicable CLEC-charged retail OS/DA rates and a CLEC-provided contact number (e.g., reference to a CLEC business office or repair center) are loaded into the system utilized by the OS operator.
- 3.6.5 Where CRR is available and technically feasible, AT&T-21STATE will be responsible for loading the CLEC-provided OS/DA retail rates and the CLEC provided contact number(s) into the OS/DA switches. CLEC will be responsible for paying the initial reference and rate loading charges.

- 3.6.6 CRR load charges are assessed per loaded set of rates/references, where CRR is available and technically feasible, per OCN, per state. For example, a CLEC reseller may choose to rate differently than its Facilities-Based CLEC operations, or may change its rates/references during the life of the contract, and therefore separate sets of rates/references could be loaded for each OCN, per state, with each loading incurring the rate/reference charge. These charges are mandatory, nonrecurring and are found in the Pricing Sheet.
- 3.6.7 Converting End Users from prior branded service to CLEC or silent-branded service, or between Resale and facilities-based service:
  - 3.6.7.1 To the extent that CLEC has already established the branding/silent announcement recording in AT&T-21STATE OS/DA switches for both Resale and facilities-based service, then no non-recurring charges apply to the conversion of End Users from prior Resale OS/DA wholesale service to facilities-based OS/DA wholesale service, or vice versa.
  - 3.6.7.2 To the extent that CLEC has not established the branding announcement recording in AT&T-21STATE OS/DA switches for Resale and/or facilities-based service, then non-recurring charges apply to set up the OS/DA call for the new type of service, as is described in Section 3.6 above, and at the rates set forth in the Pricing Sheet.

## 4.0 LISTINGS

### 4.1 General Provisions:

- 4.1.1 Subject to AT&T-21STATE's practices, as well as the rules and regulations applicable to the provision of listings, AT&T-21STATE will make available to CLEC, for CLEC End Users, non-discriminatory access to listings, as described herein.
- 4.1.2 AT&T-21STATE will meet state requirements to make available listings through itself or a contracted vendor to provide listings for its ILEC Territory, as defined in the General Terms and Conditions of this Agreement.

### 4.2 Responsibilities of the Parties:

- 4.2.1 Subject to AT&T-21STATE's practices, as well as the rules and regulations applicable to the provision of white page directories, AT&T-21STATE will include in appropriate white pages directories the primary alphabetical listings of CLEC End Users located within the AT&T-21STATE ILEC Territory. When CLEC provides its subscriber listing information to AT&T-21STATE listings database, CLEC will receive for its End User, one primary listing in AT&T-21STATE white pages directory and a listing in AT&T-21STATE's DA database at no charge, other than applicable service order charges as set forth in the Pricing Sheet.
  - 4.2.1.1 Except in the case of a Local Service Request (LSR) submitted solely to port a number from AT&T SOUTHEAST REGION 9-STATE, if such listing is requested on the initial LSR associated with the request for services, a single manual service order charge or electronic service order charge, as appropriate, will apply to both the request for service and the request for the directory listing. Where a subsequent LSR is placed solely to request a directory listing, or is placed to port a number and request a directory listing, separate service order charges as set forth in AT&T-21STATE's tariffs shall apply, as well as the manual service order charge or the electronic service order charge, as appropriate.
  - 4.2.1.2 Listing Information Confidentiality:
    - 4.2.1.2.1 AT&T-21STATE will afford CLEC's directory listing information the same level of confidentiality that AT&T-21STATE affords its own directory listing information.
  - 4.2.1.3 Unlisted/Non-Published End Users:
    - 4.2.1.3.1 CLEC will provide to AT&T-21STATE the names, addresses and telephone numbers of all CLEC End Users who wish to be omitted from directories. Non-listed/Non-Published listings will be subject to the rates as set forth in AT&T-21STATE's tariffs and/or service guidebooks. AT&T-21STATE does not provide a resale discount for any listings.

#### 4.2.1.4 Additional Listings:

4.2.1.4.1 Where a CLEC End User requires listings in addition to the primary listing to appear in the white pages directory, AT&T-21STATE will offer such listings at rates as set forth in AT&T-21STATE's tariffs and/or service guidebooks. AT&T-21STATE does not provide a resale discount for any listings. CLEC shall furnish to AT&T-21STATE subscriber listing information pertaining to CLEC End Users located within the AT&T-21STATE ILEC Territory, along with such additional information as AT&T-21STATE may be required to include in the alphabetical listings of said directory. CLEC shall refer to the AT&T CLEC Online website for methods, procedures and ordering information.

4.2.2 CLEC will provide accurate subscriber listing information of its subscribers to AT&T-21STATE via a mechanized feed of the directory listing information to AT&T-21STATE's Directory Listing database. CLEC agrees to submit all listing information via a mechanized process within six (6) months of the Effective Date of this Agreement, or upon CLEC reaching a volume of two hundred (200) listing updates per day, whichever comes first. CLEC's subscriber listings will be interfiled (interspersed) in the directory among AT&T-21STATE's subscriber listing information. CLEC will submit listing information within one (1) business day of installation, disconnection or other change in service (including change of non-listed or non-published status) affecting the DA database or the directory listing of a CLEC End User. CLEC must submit all listing information intended for publication by the directory close (a/k/a last listing activity) date.

#### 4.2.3 Distribution of Directories:

4.2.3.1 Subject to AT&T-21STATE's practices, as well as the rules and regulations applicable to the provision of white page directories, each CLEC subscriber may receive one copy per primary End User listing, as provided by CLEC, of the appropriate AT&T-21STATE white pages directory in the same manner, format and at the same time that they are delivered to AT&T-21STATE's subscribers.

4.2.4 AT&T-21STATE shall direct its publishing vendor to offer CLEC the opportunity to include in the "Information Pages", or comparable section of its white pages directories (covering the territory where CLEC is certified to provide local service), information provided by CLEC for CLEC installation, repair, customer service and billing information.

#### 4.2.5 Use of Subscriber Listing Information:

4.2.5.1 Subject to AT&T-21STATE's practices, as well as the rules and regulations applicable to the provision of white page directories, AT&T-21STATE agrees to serve as the single point of contact for all independent and Third Party directory publishers who seek to include CLEC's subscriber (i.e., End User) listing information in an area directory, and to handle the CLEC's subscriber listing information in the same manner as AT&T-21STATE's subscriber listing information. In exchange for AT&T-21STATE serving as the single point of contact and handling all subscriber listing information equally, CLEC authorizes AT&T-21STATE to include and use the CLEC subscriber listing information provided to AT&T-21STATE DA databases, and to provide CLEC subscriber listing information to directory publishers. Included in this authorization is release of CLEC listings to requesting competing carriers as required by Section 271(c)(2)(B)(vii)(II) and Section 251(b)(3) and any applicable state regulations and orders. Also included in this authorization is AT&T-21STATE's use of CLEC's subscriber listing information in AT&T-21STATE's DA, DA related products and services, and directory publishing products and services.

4.2.5.2 AT&T-21STATE further agrees not to charge CLEC for serving as the single point of contact with independent and Third Party directory publishers, no matter what number or type of requests are fielded. In exchange for the handling of CLEC's subscriber list information to directory publishers, CLEC agrees that it will receive no compensation for AT&T-21STATE's receipt of the subscriber list information or for the subsequent release of this information to directory publishers. Such CLEC subscriber list information shall be interfiled (interspersed) with AT&T-21STATE's subscriber

list information and the subscriber list information of other companies that have authorized a similar release of their subscriber list information by AT&T-21STATE.

- 4.2.6 CLEC further agrees to pay all costs incurred by AT&T-21STATE and/or its Affiliates as a result of CLEC not complying with the terms of this Attachment.
- 4.2.7 This Attachment shall not establish, be interpreted as establishing, or be used by either Party to establish or to represent their relationship as any form of agency, partnership or joint venture.
- 4.2.8 Breach of Contract:
  - 4.2.8.1 If either Party is found to have materially breached the Listings terms of this Attachment, the non-breaching Party may terminate the Listings terms of this Attachment by providing written Notice to the breaching Party, whereupon this Attachment shall be null and void with respect to any issue of white pages directory published sixty (60) or more calendar days after the date of receipt of such written Notice. CLEC further agrees to pay all costs incurred by AT&T-21STATE and/or its Affiliates and vendor as a result of such CLEC breach.
- 4.2.9 General Conditions for Listings:
  - 4.2.9.1 Notwithstanding the foregoing, AT&T-21STATE reserves the right to suspend, modify or terminate, without penalty, any Listings Service offerings that are provided under this Attachment on ninety (90) days' written notice in the form of an Accessible Letter.
  - 4.2.9.2 CLEC shall be solely responsible for any and all legal or regulatory requirements for the modification or discontinuance of Listings products and/or services to CLEC End Users under this Section.

## **5.0 GENERAL CONDITIONS FOR OPERATOR SERVICES (OS), DIRECTORY ASSISTANCE (DA)**

- 5.1 Notwithstanding the foregoing, AT&T-21STATE reserves the right to suspend, modify or terminate, without penalty, any OS and/or DA feature of Service(s) offerings that are provided under this Attachment on one hundred eighty (180) days' written notice in the form of an Accessible Letter.
- 5.2 Termination:
  - 5.2.1 If the CLEC terminates OS and/or DA service prior to the expiration of the term of this Agreement, CLEC shall pay AT&T-21STATE, within thirty (30) calendar days of the issuance of any bills by AT&T-21STATE, all amounts due for actual services provided under this Attachment, plus estimated monthly charges for the remainder of the term. Estimated charges will be based on an average of the actual monthly amounts billed by AT&T-21STATE pursuant to this Attachment prior to its termination. The rates applicable for determining the amount(s) under the terms outlined in this Section are those specified in the Pricing Sheet.
- 5.3 CLEC shall be solely responsible for any and all legal or regulatory requirements for the modification or discontinuance of OS and/or DA products/services to CLEC End Users under this Attachment.

## **6.0 TERMINATION – ENTIRE ATTACHMENT 06 – OPERATOR ASSISTANCE AND DIRECTORY ASSISTANCE SERVICES**

- 6.1 The Parties reserve the right to suspend or terminate, without penalty, this Attachment in its entirety on one hundred eighty (180) days' written notice. The Attachment will be coterminous with the ICA or will continue until the Party desiring to terminate this Attachment provides one hundred eighty (180) days' written Notice to the other Party of the date the Attachment will terminate ("Termination Date"), whichever date is earlier.

**CONSOLIDATED FILER CERTIFICATION**

Comcast Phone, LLC  
FRN:0005098389

The undersigned Vice President, Regulatory Accounting of Comcast Phone, LLC ("the consolidated filer") (499 Filer ID: 822102), does hereby certify as follows:

1. A single entity oversees the management of all affiliated systems; and
2. A single entity sends bills to customers identifying it (or a trade name) as the service provider, rather than identifying the individual legal entities; and
3. All revenues are posted to a single general ledger; and
4. If separate revenue and expense accounts exist, they are derived from one consolidated set of books and the consolidated filing covers all revenues contained in the consolidated books;and
5. Customers have a single point of contact; and
6. The consolidated filer acknowledges that process served on it represents process served on any or all of the affiliated legal entities; and
7. The consolidated filer agrees to document and resolve all slamming complaints that might be served on either it or any of the affiliated legal entities;
8. The consolidated filer obtains a separate FCC Registration Number from those assigned to its affiliated legal entities;
9. The consolidated filer acknowledges that its universal service, TRS, LNP, NANPA, and regulatory fee obligations will be based on data provided in the consolidated Worksheet filings, that it bears the responsibility of satisfying those obligations, and that all legal entities covered by the filing are jointly and severally liable for such obligations; and
10. The consolidated filer acknowledges that it: (1) was not insolvent on the date it undertook to make payments on a consolidated basis or on the date of actual payments to universal service, TRS, LNP, NANPA, and regulatory fees, and did not become insolvent as a

11. result of such undertaking or payments; (2) was not left with unreasonably small capital as a result of such undertaking or payments; and (3) was not left unable to pay debts as they matured as a result of such undertaking or payments.
