Management Biographies

Toufic Mobarak

Toufic Mobarak is the founder and President of MobileSphere, and a longstanding business leader in the software and telecommunications industry.

Since its founding in 2003, the company has pioneered popular services slydial, slybroadcast, and slyText for its millions of users, and thousands of global enterprises, nonprofit organizations, and universities. In 2016, MobileSphere was granted a patent for its straight-to-voicemail technology.

Previously, Toufic was a co-founder and president of ConeXus and held international leadership positions at GTE in Strategy and Corporate Planning.

Toufic received his Bachelor's and Master's degrees in International Economics from Sorbonne in Paris, France, and his master's degree in business administration from Thunderbird's American School of International Management in Arizona.
