(B) § 52.15(G)(3)(i)(B)

Ewart Technologies acknowledges that authorization to obtain numbering resources under Section 52.15 (g) of the Commission's Rules is subject to compliance with applicable Commission numbering authority delegated to the states, and industry guidelines, and practices regarding numbering as applicable to telecommunications carriers. Ewart Technologies has been in contact with NEUSTAR and will within 30 days have the necessary NPAC connections and completed NPACs training to ensure they are fully capable of managing the responsibilities of local number portability.

(C) § 52.15(G)(3)(i)(C)

Ewart Technologies acknowledges it must file requests for numbers with the relevant state commission(s) at least thirty (30) days before requesting numbers from the Numbering Administrators.

(D) § 52.15(G)(3)(i)(D)

Ewart Technologies hereby sets forth its capability to provide service within 60 days of the numbering resources activation date.

Ewart Technologies currently serves more than 70 retail, customers and is a provider of business continuity, cloud services and related solutions. To facilitate this, the Company is engaged in the design, development, marketing and sale of business communication solutions. The Company is focused on small and medium sized businesses and financial institutions seeking a unified communications (UC) solution allowing them to communicate anytime, anyplace and through any device they chose. The Company provides this to the market through a few solutions, including SIP trunking for on-premise PBX systems, hosted PBX for multi-location or other nomadic organizations, as well as efax services. Ewart Technologies currently acquires their numbers from Bandwidth, Intelliquent and Endstream Communications, but wishes to become an Interconnected VOIP Provider so they can order and manage their own numbers.

As proof of facilities readiness, Ewart Technologies has attached to this application (1) demonstration of established interconnect between Ewart Technologies and it's carrier partner *Peerless Networks* providing PSTN connectivity for inbound calls to Ewart Technologies numbers and (2) an interconnection agreement between *Peerless Networks* and the local exchange carrier. These documents are attached as Exhibit C to this application. Ewart Technologies has requested confidential treatment under the Commission's rules for exhibit and has filed them separately.
