RE: WC Docket No. 17-342 – Supplement to Advanced Telecom Solutions, LLC’s Application for Authorization to Obtain Number Resources

Dear Ms. Dortch:

Advanced Telecom Solutions, LLC (“ATS”) hereby submits this Supplement to its Application for Authorization to Obtain Number Resources (“Application”), which was filed with the Federal Communications Commission (“Commission”) on November 1, 2017. This Supplement contains additional information to support ATS’s Application, as requested by Commission Staff.

For any questions regarding this Supplement or ATS’s Application please contact Roman Shpount at (202) 262-8672.

Respectfully Submitted,

Roman Shpount

SUPPLEMENT OF ADVANCED TELECOM SOLUTIONS, LLC

Pursuant to a request for additional information from Federal Communications Commission (“Commission”) Staff, Advanced Telecom Solutions, LLC (“ATS”) hereby provides the following additional information in support of its Application for Authorization to Obtain Number Resources.

1. ATS is a provider of “Interconnected VoIP Service” as that term is defined in the Commission’s rules.
2. ATS provides a copy of its contract with Inteliquent under confidential seal.
3. The direct telephone number and email for Roman Shpount are as follows: (202) 262-8672 and rshpount@turbobridge.com.
4. ATS is 100% U.S. owned, and has zero foreign ownership.
5. ATS plans to provide interconnected VoIP service to customers located in the United States, and the telephone numbers ATS will seek to obtain will be used for U.S.-based services. ATS does not intend to assign U.S.-based telephone numbers to customers located in foreign countries.

In addition to the five items specifically requested by Commission Staff, ATS attaches to this Supplement ATS’s Articles of Organization and Certificate of Good Standing from the State of Maryland Department of Assessments and Taxation.

Service Schedule

FCC Mailroom

Under this Service Schedule and the terms of the Master Services Agreement (“MSA”) dated September 25, 2017 between **Advanced Telecom Solutions LLC** (“Customer”) and **Inteliquest, Inc.** (“Carrier”), Customer will receive and Carrier will provide Local Connect Services (as more specifically described below, the “Services”). In the event of a conflict between a term in this Service Schedule and a term in the MSA, the term in this Service Schedule will govern with respect to the Services. The definitions in the MSA apply to any term that is not defined in this Service Schedule. This Service Schedule is effective on September 25, 2017 (“Effective Date”).

A horizontal bar chart illustrating the distribution of 1000 samples across 10 categories. The x-axis represents the number of samples, ranging from 0 to 1000. The y-axis represents the category index, ranging from 0 to 9. The distribution is roughly bell-shaped, with the highest frequency occurring in category 9.

Category	Approximate Sample Count
0	100
1	150
2	200
3	250
4	300
5	350
6	400
7	450
8	500
9	550

The image consists of a grid of horizontal black bars of varying lengths and vertical positions. The bars are set against a white background. There are approximately 15 rows of bars. Some rows have a single long bar, while others have multiple shorter bars. The lengths of the bars vary significantly, from very short segments to long stretches across the width of the grid. The vertical positions of the bars also differ, with some appearing near the top and others near the bottom of the frame. The overall effect is one of a heavily redacted or obscured document.

Advanced Telecom Solutions, LLC
Request That Materials Be Withheld From Public Inspection
WC-Docket No. 17-342

Pursuant to 47 C.F.R. §0.459(a)(2) of the Federal Communications Commission (“Commission”) rules, Advanced Telecom Solutions, LLC (“ATS”) requests that the enclosed *Local Connect Services* Service Schedule between ATS and Inteliquest, Inc. (“Service Schedule”) be withheld from public inspection. A redacted version of the Service Schedule was submitted on the Commission’s Electronic Comments Filing System on December 15, 2017, in conjunction with ATS’s Supplement to its Application for Authorization to Obtain Number Resources. Two confidential versions of the Service Schedule are enclosed under seal and marked confidential.

The Service Schedule should be withheld from public inspection because it contains commercial trade secret information from which the parties’ competitors may derive economic value. The parties derive independent economic value from the fact that the specific contractual terms and conditions of their service offerings are unknown to their competitors. Disclosure of the Service Schedule to the public would provide existing and potential competitors an unfair and undeserved competitive advantage. This Service Schedule has not previously been disclosed to the public.

ATS respectfully requests that the Service Schedule be withheld from public inspection during the pendency of WC Docket No. 17-342, and returned or destroyed after the outcome of ATS’s Application has been determined.
