The Commission's Rules)

APPLICATION OF TELCENTRIS, INC.,
FOR AUTHORIZATION TO OBTAIN NUMBERING RESOURCES

Telcentris, Inc., (“Telcentris”), pursuant to Section 52.15(g)(3)(i) of the Commission’s Rules, respectfully requests authorization to obtain numbering as described below. Under the Commission’s *Numbering Order*,¹ an interconnected VoIP provider may obtain numbering resources from the Numbering Administrator upon a showing that it is authorized to provide service in the area for which the numbering resources are requested. Such authorization may be obtained upon an application to the Commission containing the information detailed in Section 52.15 (g)(3)(i)(A)- (G) of the Commission’s Rules. Telcentris hereby requests the Commission grant it that authorization. In support of this application, Telcentris provides the following information:

B. § 52.15(g)(3)(i)(B)

Telcentris hereby acknowledges that authorization to obtain numbering resources under Section 52.15(g) of the Commission's Rules is subject to compliance with applicable Commission numbering rules as well as to the numbering authority delegated to the states. The Company hereby also acknowledges that this authorization is subject to compliance with industry guidelines and practices regarding numbering, as applicable to telecommunications carriers. The numbering resources that are the subject of this Application will be used to provide interconnected VoIP services initially in the following states: California, New York, Texas, Pennsylvania, and Illinois.

C. § 52.15(g)(3)(i)(C)

Telcentris acknowledges that it must file requests for numbers with the relevant state commission(s) at least 30 days before requesting numbers from the Numbering Administrators.

D. § 52.15(g)(3)(i)(D)

Telcentris hereby sets forth its capability to provide service within sixty (60) days of the numbering resources activation date. Telcentris is an experienced interconnected VoIP provider enabling messaging and network services to businesses located in the United States. Telcentris has thousands of customers that range from residential end users to small, medium and large

businesses. The Company has an agreement in place with Inteliquent for the termination of its traffic. Inteliquent is a competitive local exchange carrier with dozens of interconnection agreements with incumbent local exchange carriers nationwide to carry voice traffic among access tandems and terminate to end user customers. Telcentris will interconnect with and broadcast the appropriate carriers' tandem platforms for the purposes of managing all codes assigned to Telcentris OCNs.

Telcentris has also entered into agreements and achieved full OSS integration with four carriers for access to DIDs: Bandwidth.com, BrightLink, Level 3, Peerless Networks, and Windstream. With these agreements in place, the carriers will provide PSTN connectivity for inbound calls to these numbers. Due to their large size, Telcentris provides the following link to the agreements:
