Commission's Rules)	

**APPLICATION OF NOBELBIZ, INC.
FOR AUTHORIZATION TO OBTAIN NUMBERING RESOURCES**

NobelBiz, Inc. (“NobelBiz”), a voice over internet protocol (“VoIP”) provider, files this application with the Federal Communications Commission (the “Commission”) for authorization to obtain telephone numbers directly from the North American Numbering Plan Administrator and the Pooling Administrator (together, the “Numbering Authorities”) in accordance with 47 C.F.R. § 52.15(g)(3), Section 52.15(g)(3) of the Commission’s Rules.

Under the Commission’s “Numbering Policies for Modern Communications,” 30 FCC Rd. 6839 (2015), an interconnected VoIP provider may obtain numbering resources directly from the Numbering Administrators upon showing that it is authorized and able to provide service in the area for which the numbering resources are requested. NobelBiz currently offers interconnected VoIP service to end user customers and will continue to be able to provide service within sixty (60) days of the numbering resources activation date as required by 47 C.F.R. § 52.15(g)(2).

A provider may receive such authorization upon an application to the Commission containing the information in Sections 52.15(g)(3)(i)(A)-(F) of the Commission’s Rules. NobelBiz hereby requests that the Commission grant it such authorization.

NobelBiz provides the following information in support of its application:

I. INFORMATION REQUIRED BY SECTION 52.15(g)(3)(i)

a) § 52.15(g)(3)(i)(A)

Name: NobelBiz, Inc.
Address: 1545 Faraday Avenue
Suite 101
Carlsbad, CA 92008

Telephone: (760) 405-0105

Qualified Personnel: Colleen Guffey, Vice President

Email: Colleen.Guffey@NobelBiz.com

b) § 52.15(g)(3)(i)(B)

NobelBiz hereby acknowledges that authorization to obtain numbering resources under Section 52.15(g) of the Commission's Rules is subject to compliance with applicable Commission numbering rules, numbering authority delegated to the states, and industry guidelines and practices regarding numbering as applicable to telecommunications carriers.

c) § 52.15(g)(3)(i)(C)

NobelBiz hereby acknowledges that it must file requests for numbers with the relevant state commissions at least 30 days before submitting a request for numbers to the Numbering Administrators. Appendix A hereto lists states where NobelBiz intends to request numbering resources.

d) § 52.15(g)(3)(i)(D)

NobelBiz sets forth here its capability to provide service within 60 days of its receipt of the authorization sought through this application. NobelBiz has an agreement in place with its carrier partner who in turn has interconnection agreements in effect with the relevant local exchange carriers, as well as full staff for number porting. To establish the readiness of its

PUBLIC VERSION (Redacted)

facilities', NobelBiz has attached to this application an agreement between NobelBiz and its carrier partner, as Confidential Exhibit A, and an interconnection agreement between that carrier partner and an incumbent local exchange carrier, as Confidential Exhibit B, both submitted pursuant to NobelBiz's request for confidential treatment filed herewith.

e) § 52.15(g)(3)(i)(E)

NobelBiz certifies that it complies with its Universal Service Fund contribution obligations under 47 CFR part 54, subpart H; its Telecommunications Relay Service contribution obligations under 47 CFR § 64.604(c)(5)(iii); its North American Numbering Plan and Local Number Portability Administration contribution obligations under 47 CFR §§ 52.17 and 52.32; its obligations to pay regulatory fees under 47 CFR § 1.1154; and the 911 obligations under 47 CFR part 9.

f) § 52.15(g)(3)(i)(F)

NobelBiz certifies that it possesses the financial, managerial, and technical expertise to provide reliable service. NobelBiz's members of key management are:

President: Steven Bederman

Vice President: Colleen Guffey

Chief Operating Officer: George Seroukas

NobelBiz's key technical personnel include:

Director of Operations: Madalin Anghel

Carrier Product Manager: Stefan Necula

NobelBiz confirms that none of the above-listed individuals is being or has been investigated by the Commission or any law enforcement or regulatory agency for failure to comply with any law, rule or order.

Appendix B to this application provides summary biographies of the above-listed individuals.

g) § 52.15(g)(3)(i)(G)

NobelBiz hereby certifies that no party to this application is subject to a denial of Federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862.

II. ACKNOWLEDGEMENT OF CONDITIONS IN SECTION 52.15(g)(3)(iv)

NobelBiz commits to compliance with the conditions applicable to all interconnected VoIP provider numbering authorizations under Section 52.15(g)(3)(iv), specifically to: (A)-(D).

III. CONCLUSION

Pursuant to Section 52.15(g)(3)(i) of the Commissions' Rules, NobelBiz respectfully requests the Commission grant this application for authorization to obtain numbering resources.

Respectfully submitted,

/s/ Colleen Guffey

Appendix A

The list of states in which NobelBiz intends to directly request numbering resources:

- California

Appendix B

NobelBiz's key management and technical personnel:

Steven Bederman, President:

Steven Bederman is the President and CEO of NobelBiz, a contact center technology company that provides carrier and software services, including productivity and compliance tools, to a unique carrier-of-carriers network, and a complete omni-channel software with social media integration, web chat, SMS, and, of course, voice. Mr. Bederman is a published author, accomplished leader, and a highly regarded contact center industry innovator. He's had a phenomenal journey throughout his career and his expertise in corporate restructuring and strategic growth brought him the reputation of a renaissance business leader.

Colleen Guffey, Vice President:

Colleen Guffey is an experienced operational executive with over 20 years working in contact centers and telecommunications industry. Her areas of focus have included contact center management, project management, assessment and implementation of operational best practices amongst a variety of industries including telecommunications, technology, consumer fulfillment, and insurance. Her current responsibilities include management of compliance matters driven through monitoring the policies of telecommunications regulatory agencies like FCC, FTC and CFPB, and facilitation of procedures that ensure internal and external compliance with these laws. Ms. Guffey holds a Bachelor's Degree in Civil Engineering from Purdue University.

George Seroukas, Chief Operating Officer:

George Seroukas has over 20 years of valuable experience in the contact center, telecom and telephony industries. Having built and managed subsidiaries and teams around the world, he is a unique leader supporting NobelBiz in becoming the world's leading computer telephony software company. Mr. Seroukas has proven ability in leadership, process reorganization and structuring, coaching, business development management, customer and partner relationship management. He has a Bachelor's Degree in Computer Science from Concordia University and is a Microsoft Certified System Engineer.

Madalin Anghel, Director of Operations:

Madalin Anghel has over 16 years of telecom experience and currently serves as NobelBiz's Director of Operations, overseeing a team of more than 30 engineers that handle support, system administration, security and business analytics. Prior to this role he was Head of the Telecom Support Team and previously responsible for network security and compliance for the NobelBiz infrastructure. He has a Bachelor's Degree in Software and Networks for Telecommunications, as well a Master's Degree in Databases - Business Support.

Stefan Necula, Carrier Product Manager:

Stefan Necula serves as the Carrier Product Manager and coordinates the NobelBiz Carrier Team. He is also responsible for relations and interconnections with the other carrier partners. Mr. Necula has over 8 years of experience in the telecom industry and has a deep background in network and VoIP operations. He graduated the Faculty of Electronics, Telecommunications and Information Technology from Politehnica University of Bucharest.
