Re: Application of IntelePeer Networks LLC, For Authorization to Obtain Numbering Resources, Pursuant to Section 52.15(g), Docket No. 20-\_\_\_\_\_

Dear Ms. Dortch:

Pursuant to §52.15(g)(3)(i) of the Commission’s Rules,<sup>1</sup> IntelePeer Networks LLC (“IntelePeer”) files its Application for Authorization to Obtain Numbering Resources. Please note, this Application contains confidential material, the disclosure of which would competitively harm the Company. Accordingly, IntelePeer requests this material be filed under seal, pursuant to §0.459 of the Commission’s Rules.<sup>2</sup> In support of this request, IntelePeer submits the following:

*1. Identification of the information for which confidential treatment is sought.*

IntelePeer seeks confidential treatment of **Exhibits A and B** to its Application, and specific references to these exhibits found in the body of its Application.

*2. Description of the circumstances giving rise to the submission.*

---

<sup>1</sup> 47 C.F.R. § 52.15(g).

<sup>2</sup> 47 C.F.R. § 0.459.

Marlene Dortch, Secretary  
Federal Communications Commission  
October 30, 2020

Page 2 of 3

As part of its Application, IntelePeer is including the agreement between its carrier partner as proof of its facilities readiness as required by §52.15(g)(3)(i)(D) of the Commission's Rules, and copies of a number of the carrier's interconnection agreements with incumbent carriers.

3. *Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged.*

The information for which IntelePeer seeks confidential treatment contains sensitive commercial information "which would customarily be guarded from competitors." The Exhibits to this Application describes the agreement between IntelePeer and its carrier partner and contains proprietary commercial information concerning IntelePeer's network, customers, financing, and services.

4. *Explanation of the degree to which the information is commercial or financial or contains a trade secret or is privileged.*

The Exhibits contain information relating to commercial matters which can be used by other interconnected Voice over Internet Protocol ("VoIP") providers to compromise IntelePeer's position in the highly competitive interconnected VoIP sector. Accordingly, release of this information would result in substantial competitive harm to IntelePeer.

5. *Explanation of how disclosure of the information could result in substantial competitive harm.*

Competitors could use IntelePeer's proprietary commercial and operational information to IntelePeer's detriment as they would gain access to sensitive information concerning IntelePeer's commercial agreements, as well as information as to how IntelePeer provides its services. This information is not typically disclosed publicly.

6. *Identification of any measures taken to prevent unauthorized disclosure, or if the information has been disclosed previously.*

Neither IntelePeer nor its carrier-partner have distributed the information to the public or to any third party.

7. *Justification of the period during which IntelePeer asserts that material should not be available for public disclosure.*

IntelePeer requests that the Exhibits be treated as confidential for a minimum period of ten years. This period is necessary due to the nature of the proprietary information in the Exhibits of the Application.

Marlene Dortch, Secretary  
Federal Communications Commission
